Affirmation of State Six-Year Operating Plan Financial Matters

Office of the Executive Vice President

Six-Year Plan Update Highlights

Mason's six-year plan update was submitted to SCHEV on July 15, 2024, and is consistent with the original sixyear plan submitted in 2023. The plan supports the Governor's Higher Education Agenda by providing resources towards continued academic excellence and service for our students and community.

Financial Projection Assumptions

- Tuition increase ~3% for FY26, held flat for subsequent years
- Modest enrollment growth of ~1.5% annually
- Compensation and financial aid expenses ~3% annual growth
- Reflects balanced budgets for FY25 & FY26, with deficits returning in FY27 in the absence of tuition revenue growth and equitable state support

Additional Commonwealth Support for Academic Programming and Students

- Virginia Military Survivors' and Dependents' Education Program (VMSDEP) Support
- Student Access (e.g. Mason Virginia Promise (MVP) grants, ADVANCE program)
- Student Success (e.g. New technologies, MasonWorks, Mental Health/Well-being services)
- Online Virtual Network Funding

Constrained Resources Impact Priorities

- Student preparation for High Demand Virginia Jobs
- Vibrant, Safe and Healthy Campus
- Maintain affordability and reduce cost of Higher Education
- Build College and Career Ready Pipeline with K-12 Divisions

• 2023 Plan submission requested \$69M of GF Support for each year of FY2025-FY2026 biennium

• FY2025 approved budget provided additional \$21M reflected above, shifting portion of original request to FY2026

Commonwealth FY25 Operating Budget Requests Commonwealth Submission Update

George Mason provided the Secretary of Education with the Operating Budget Requests ("Decision Package") as outlined in the submitted Six-Year Plan with one adjustment:

• The request for Equitable Compensation Support (item 2a) adjusted to \$18M to align with prior SCHEV recommendations regarding GMU's funding disparity

Final submission of items receiving the Secretary's approval due to the Department of Planning and Budget (DPB) on September 20.

All items pending Secretary of Education review and approval at time Committee material submission – updates will be provided during the meeting.

Commonwealth FY25 Capital Budget Requests Commonwealth Submission Update

George Mason provided four Capital Budget Requests to the Secretary of Education for review, prior to submission to the DPB, in order of priority:

Projects that directly support one of the Governor's priorities as follows: Talent pathways and partnerships with educational organizations for workforce development in high-demand technology and innovation careers within the Commonwealth.

- 1. Submitted: Construct Interdisciplinary Science & Engineering Building 1 (Resubmission)
 - Biennium FY25-26 budget approved \$500k for pre-planning
 - Requesting full planning funds of \$12.25M with the Secretary's approval
- 2. Under Review: Construct Student Innovation Factory Building (Resubmission)
- 4. Under Review: Construct School of Business Building (Resubmission)

Funding to address a significant maintenance reserve-type issue at an existing facility

- 3. Submitted: Aggregated Critical Deferred Maintenance
 - Requested full funding of \$96.4M with the Secretary's approval

Recommendation

Approval to affirm the State Six-Year Operating Plan included in the Board Book.

Achieved **\$41M** improvement to amended budget

- Positive margin on operations of real estate assets acquired over past year, including \$8M one-time GDIT buyout
- Higher than budgeted housing and dining revenue due to higher occupancy for Fall and Spring semesters (\$9M), offset by increased Contractual Services expenses
- Other Operating Revenue exceeded expectations by \$7M due to interest income as rates remained strong through end of year
- Lower final realized fringe benefit rate than used in budget (impacting all funds): \$11M
- Positive margin in Indirect Cost Recovery Funds (budgeted to break-even): \$5M

- Unanticipated FEMA funding reimbursement of prior year COVID expenses - \$3M
- Reduced rent expense due to mid-year purchase of Vernon Smith Hall - \$2M
- Lower operating expenses primarily due to cost moderations/spread across other funding sources - \$4M

Note:AE Infrastructure reflects AE to E&G overhead transfer

Budget Mitigation Update

On an all-funds basis, George Mason is operating on a balanced budget with an E&G shortfall being covered by non-E&G funds

In FY2024, George Mason implemented a two-year plan to mitigate our E&G budget shortfall through units reducing their budgets by 6%

Year One: In FY2024, budget mitigations were achieved in the areas of Position Eliminations, Revenue Enhancements, and Cost Savings

Year Two: The approved FY2025 Operating Budget continues the mitigation plan implementation

Budget Mitigation Update Achieved Budget Mitigations

Revenue Enhancements

- Patriot Investment Fund \$2.2M in FY24, \$4M projected in FY25
- Masonvale ground lease termination \$3.5M annual
- Vernon Smith Hall acquisition \$12M in FY24 (one-time), \$2M annual

Cost Savings/Cost Avoidance

- Vernon Smith Hall rent expense elimination \$4M annual
- Faculty Incentive Retirement Plan \$3M (5-year period)
- Freedom Aquatic & Fitness Center renegotiation \$2.1M (5-year period)
- Parking contract savings \$1.1M annual
- Janitorial service adjustments \$775K annual
- Library material reduction (duplicate & underutilized) \$750K annual
- Energy efficiency improvements \$475K annual

FY2025 Budget Operating

- University continuing growth trajectory
- Break-even is achieved through positive margins in other funds to offset E & G shortfall
- Revenue increases in both tuition and State support offset increased expenses
- Expense increases driven by salaries & wages, cost escalations, and planned increase in financial aid
- Limited capacity for strategic investments given budget constraints

FY2025 Budget E&G Operating

- Continuing growth moderating expense growth to align with available resources
- Increased expenses due primarily to projected salary & wage increases and filling positions at market rate; continuing critical vacancy reviews of all open positions
- Strategic Use of Reserves represents approved reserve-funded initiatives planned for FY25
- Budget shortfall will be mitigated with planned budget reductions (2nd year), new revenue generation, and continued operating efficiencies from reorganizations & shared services
